

K-love keeps me thinking of ways to enhance my city with its uplifting commentary and positive, inspirational thoughts and songs. I believe that our community would not be as positive or as compassionate if the Klove radio station did not exist, as it is the one place where people are truly inspired to help each other and the community at large. Food banks, rescue missions, adoption agencies, etc. are all given the forefront in the message that goes out from this radio station. I have not heard regular radio stations put forth the thoughts of service to others as Klove has.
